The following is a KSCO commentary. Here is Kay Zwerling:

It is clear that our government often gives power to certain inept individuals to make treaties or agreements with foreign countries and they do not – I repeat – do not, consider the best interests of our own Country. In short, they are either bad negotiators, or stupid.

Some treaties or agreements are totally idiotic and blatantly benefit the other country involved.

Case in point: Please listen to this recent citizen petition which I received and will quickly sign and return.

WHEREAS the U.S. Commissioner of Social Security signed a so-called “Totalization Agreement” with the Director General of the Mexican Social Security Institute, and

WHEREAS the totalization plan permits illegal immigrants from Mexico who have only worked 18 months in the United States to get a lifetime of Social Security payments funded by we U.S. taxpayers, and

WHEREAS the cost of paying Social Security to millions of illegal immigrant workers would bankrupt our Social Security, and

WHEREAS individuals who have violated America’s immigration laws should not be permitted to benefit from their illegal activities, and

WHEREAS providing Social Security to illegal immigrants is unfair to American workers who have paid into the Social Security system, and are counting on it for their retirements.
Finally,

WHEREAS the Constitution of the United States provides that citizens may petition the federal government to take action.

Therefore, I demand that you co-sponsor and vote for legislation such as the Social Security for Americans Only Act, that is HR160, that was presented during the last 111th Congress.

So, caring listeners – please call Sam Farr, Barbara Boxer, and Dianne Feinstein, our three California representatives about this monstrosity, and demand that they vote yes on Social Security for Americans Only Act.

One wonders what diabolical instincts direct some leaders to always choose to give enormous perks to those who are illegal – at the expense of We Americans, while those who enter our Country legally are totally ignored and punished for being legal!

For KSCO, this is Kay Zwerling.
