The following is a KSCO commentary. Here is Kay Zwerling:
Someone I know sent this to me. The subject is “Presidential Firsts”.
Who said President Obama hasn't done anything?
Here’s an impressive list of “accomplishments” in just three years:
First President to apply for college aid as a foreign student, then deny he was a foreigner.
First President to have a Social Security number from a state he has never lived in.
First President to preside over a cut to the credit-rating of the U.S.
First President to violate the War Powers Act.
First President to be held in contempt of Court for illegally obstructing oil drilling in the Gulf of Mexico.
First President to defy a Federal Judge’s Court Order to cease implementing Obamacare.
First President to spend a trillion dollars on ‘shovel-ready’ jobs when there was no such thing as ‘shovel-ready’ jobs.
First President to tell a major manufacturing company (that’s Boeing) in which State they are allowed to locate a factory.
First President to file lawsuits against the states he swore an Oath to protect (that’s Arizona, Wisconsin, and Ohio).
First President to appoint 45 czars to replace elected officials in his office.
First President to hide his medical, educational, and travel records.
First President to win a Nobel Peace Prize for doing Nothing to earn it.
First President to not know how to properly pronounce Navy 'corpsman'.
First President to go on multiple global ‘apology tours’ – including bowing to foreign rulers.
First President to go on 17 lavish vacations, including date nights, paid by the taxpayer.
And finally,
First President to have 22 personal servants (taxpayer funded) just for his wife!

I am not sure which is worse – Barrack Hussein Obama getting away with this, or The People letting him get away with it, in a Country "of the people, by the people, and for the people".

For KSCO, this is Kay Zwerling.
