The following is a KSCO commentary. Here is Kay Zwerling:

Our Country traditionally has always been almost overly generous. I will explain this through the following Commentary which is in my book. I wrote it in the fall of 2009, three years ago, and hopefully this idiocy has been changed realistically. It is called "This is an insult". This is what our elected officials have done to you and me. A great thank you to all of us. I am almost ashamed to tell you this, but I will.

From an Emergency Room doctor – "I live and work in a border state overrun with illegals. They make more money having kids than we earn working fulltime.

Today I had a 25-year-old with eight kids. That is right – eight, all illegal anchor babies, and she, the mother, had the nicest nails, cellphone, handbag, clothing, etc. She makes about $1500 monthly for each child. Do the math.

I used to say we are the dumbest nation on earth. Now I must say, and sadly admit, you are the dumbest people on earth, and that includes me, for we elected the idiot idea, foolishly, and have passed the Bills that allow this. Sorry, we need a Revolution! Vote them all out of office."

Remember, in November, we have a golden opportunity to clean out the entire House and one-third of the Senate. This is an insult, and a kick in the butt to all of us. Check it out, and if this idiocy still exists, get mad, and pass it on to everyone you know.

For KSCO, this is Kay Zwerling.
