## Monologue

Dr. Wallach starts the show discussing the growing problem of obesity in America. Outlining the various health challenges that can occur from excessive weight. Recommending several weight loss programs and products provided through Youngevity.

## **Pearls of Wisdom**

Doug Winfrey and Dr. Wallach discuss recent news articles concerning medical mistakes. The first story outlines the plight of a man who had the wrong testicle removed and now suffers the problems associated with no testosterone production. The second story concerns a woman who was treated with chemotherapy for several months only to find out later she never had cancer.

## **Callers**

- Melinda has questions regarding osteoporosis.
- Christina's mother has painful adhesions as a result of a past surgery.
- Joel's wife has been diagnosed with tendonitis.
- Terry suffers with chronic allergies all year.
