Monologue

Dr. Wallach starts the show discussing a court case involving the "Quack Doctors" web site. A doctor has sued the owners of the web site for defamation and a court ruling has upheld the original ruling. The original ruling stated that the web site must be able to prove any claims they are making.

Pearls of Wisdom

Doug Winfrey and Dr. Wallach discuss a couple of recent news articles. The first article concerns the recent terror attempts in Scotland and England. Apparently two of the five suspects arrested are doctors. Second Doug and Doc discuss a study done at Georgetown University that found by blocking a neuropeptide in obese mice caused them to lose weight.

Callers
